

Ottawa Golf Academy Junior Golf Programs

How do I find the right Camp?

There are so many choices for kids to make. Kids are our families and our future. How do we help them make healthy choices? The Ottawa Golf Academy is dedicated to providing kids with an opportunity to learn the game of golf in a healthy, happy, positive and safe environment.

Golf is a family game for all age groups and skill levels. It is an individual sport, but there is an underlying respect for our playing partners. It is played in the great outdoors and we learn the importance of respecting our environment. To master the game of golf is a lifetime journey, which can begin at a junior golf camp.

The Ottawa Golf Academy has been hosting junior golf camps and clinics for the past 20 years. The summer golf camps promote the importance of respecting nature, sportsmanship, following the rules and learning about the etiquette and dress codes. It encourages a sense of responsibility.

All kids have different learning styles and capacities. All of the Ottawa Golf Academy instructors are educated about the most current teaching techniques available. Each participant is given individual attention and coaching. Our camps will be adding a nutritional approach. We feel children with better eating habits have improved learning and athletic capabilities. Fitness for golf is also emphasized. A successful golf swing utilizes an amazingly broad range of muscle groups which must be coordinated to work in a perfectly-timed sequence in order to produce a smooth and effective swing.

Club fitting will also be an important topic during the camps. Equipment affects motion. A fit golf club will reward a good swing. As kids come in all different sizes and strengths, it is important for them to be fit by an experienced club fitter.

This year the Ottawa Golf Academy summer camps will be coordinated by golf professionals Martin Patterson and June Staton. They can be contacted at Anderson Links if you have any questions.

Junior Golf Camps

Girls and Boys
Ages 6 to 18

Instruction by CPGA/LPGA
Professionals
